**12. DISCUSSION ONLY (No Action - No Public Comment): Committee/Staff**

**Community Chest Director Shaun Griffin:**

- The Community Chest's 25<sup>th</sup> year celebration will be held Thursday at the Red Dog, 6PM to 8PM.

**Community Outreach Director Cherie Nevin:**

- Progress has been made on the Lockwood Community Garden. Several Lockwood community members have stepped up to get the garden cleaned up. Most of the beds have been spoken for for this growing season. Thanks to John and Merilee Miller for all the help and thank you to the Public Works for helping to clear weeds
- The annual Health Fair will be held in Mark Twain this year on Saturday, October 8<sup>th</sup>.
- This weekend is the Virginia City Motorcycle Marathon. This year's beneficiary is Virginia City resident, Tim Lucich.

**Planner Jason VanHavel:**

- NDOT has announced transportation alternatives funding and supplementing some of this funding with surface transportation program funds. An application is being prepared to be submitted for funding to address items on C Street such as curbs, drainage, and other upgrades.
- Review and proof reading of the Master Plan has started and being done by UNR students and faculty. The Master Plan is on schedule to be heard by the Board for potential adoption on the August 2<sup>nd</sup> Commission agenda.

**Community Development, Stacey Bucchaneiri:**

- There are two new inspectors in the Community Development Department - Tracy Curtis and Pete Renaud. A boardwalk review was completed and businesses were advised that boardwalk inspections would be done in two weeks.

**Public Works Director Mike Nevin:**

- Public works provided assistance to the Lockwood Community garden and addressed drainage issues in the area.
- Water line extensions are being put in around town with new residential construction requiring new lines.

- The pool opened as scheduled. There were a couple of weather related events that required closing the pool temporarily. A circulator pump failed which also closed the pool for a short time.
- Pool Pact's aqua-risk management team recently did an assessment of the swimming pool. For the most part the team was impressed with the condition of the facility.
- Public Works pool employees attended a seminar held by Pool Pact regarding swimming pools. Suggestions brought back will be implemented within the next couple of months.
- Parts of Virginia City experienced a power failure last week. There was an issue with a transfer switching mechanism that was addressed in house.
- Working with Farr West Engineering and BLM on easements that are necessary for the Six Mile drainage project. Another easement was acquired for work on the Ophir Grade road for realignment of the Five Mile pipeline. The archeological preliminary assessment has been completed.
- Grant funds have been received for Miners Park. New playground equipment has been ordered and should be received in approximately six weeks.
- Paint striping of Six Mile Canyon will be done tomorrow with temporary shutdown of the road for about an hour.
- Public Works has a job opening for an Automotive Technician.

Commissioner McGuffey: Thought the playground equipment would have been in by the time the pool opened. Is there an update on the Highlands gazebo?

Mr. Nevin: It would have been done however grant funding was not released for a year. Once the equipment is received, it will be installed right away.

- The roof on the gazebo will be done in-house at a cost savings. The basketball courts in the Highlands and Lockwood will be striped.
- Bid documents will be put together for the cape-slurry seal on the 2 mile section of Cartwright Road. The homeowners might want to look and see if additional back-filling needs to be done.

**County Manager Pat Whitten:**

- Mr. Osborne and Mr. VanHavel are meeting with USGS to assess funding and availability of a study on groundwater conditions in the Highlands and Mark Twain.
- Farr West is in the process of conducting a land survey on the properties surrounding the Courthouse and the Gold Hill depot. After receipt, the County can move forward with the Courthouse annex and the purchase of the parking lot next door.
- Good forward progress has been made on the Courthouse annex. The project is now in the hands of the architect. Based on low rates from USDA, Miles Construction was asked to give a quick, high-ball price on the property. This will be bring into question whether or not this is a righteous use of taxpayer funds.
- Mr. Gallagher and Mr. Whitten will be meeting this week with the Department of Taxation - Sales Tax Division regarding the MOE allowing the County to audit the Department's books, as to whether sales and use taxes from TRI are being reported properly. There needs to be clarification of reporting requirements and ground rules.

- Work is moving along to make the “old jail” a mini-version of the conference center. Display cases were left by the Police Officer’s Museum and artifacts are being sought to fill these cases. A self-guided, mini-museum tour is being considered. Lights will be turned on during the day so the jail can be seen through the door.

- Attended a NACO workshop regarding social media. Commissioner McGuffey recommended that NACO make this a mandatory workshop – it was an eye-opener on what can happen on social media.

**Chairman McBride:**

- The next Commission meeting will be July 5<sup>th</sup>.
- The annual 4<sup>th</sup> of July celebration will start off with the parade at noon, followed at 6PM with David John and the Comstock Cowboys Annual Second Amendment Concert – free of charge. At dark the fireworks will go off from the new location at the fairgrounds.

**14. DISCUSSION/POSSIBLE ACTION:** Acceptance of renewal proposal from Nevada Public Agency Insurance Pool (POOL) and approval of payment from fiscal year 2016-2017 funds.

Comptroller Hugh Gallagher presented this item and introduced Doug Smith a principle with POOL/PACT. POOL/PACT works very hard on all aspects of the County’s insurance as well as the Public Agency Compensation Trust. There are many items on which POOL/PACT advises the County.

Doug Smith stated the numbers have been reviewed with Mr. Gallagher. The primary goal of POOL/PACT is to have “no surprises” for the members. Premiums have stayed fairly flat, with maybe a little growth with inflation but with trying to expand coverage and services.

Mr. Smith indicated the main coverage change this year is increase in flood coverage. Secondly, to provide a student accident coverage. Storey County has been one of a handful of entities that have purchased specific pollution coverage – separate from POOL. POOL/PACT is now strong enough to offer this coverage, saving Storey County approximately \$16,000. Coverage this year reflects, overall, about a \$7,000 increase. Coverage for drones is being explored.

Mr. Smith said POOL/PACT appreciates the County’s support.

County Manager Whitten: Can’t say enough good about Nevada Public Agency Insurance Pool who is always there for the County with assistance from opinions of legal counsel and great service that isn’t there with traditional insurance.

- The County's total program costs are \$291,466 for the year, including agent compensation of \$19,067.
- The County's premium this year is \$272,398. This is the premium with \$1,000 deductible. If the County stays at the current \$5,000 deductible, the program costs would be \$255,765 and \$17,903 for agent compensation, for a total of \$273,669.

Mr. Whitten recommends staying with the \$5,000 deductible, which the County has been able to do comfortably in the past. This will save \$20,000 year. An amount is reserved in each major budget - Sheriff and Fire - to cover at least one event. With the \$5,000 deductible there is a savings of almost \$18,000.

Chairman McBride: Would there be more than four claims a year that would offset the cost of the premium difference?

Mr. Whitten: Maybe yes, maybe no. However, it will impact our claims experience - more will go in, more will have to be paid for. Mr. Smith also supports staying with the higher deductible.

Public Comment:  
None

Chairman McBride: Not only is there a savings between the \$1,000 and \$5,000 deductibles, there is a savings from last year's policy of about \$8,000.

**Motion:** Approve renewal proposal from Nevada Public Agency Insurance Pool (POOL) and approval of payment from fiscal year 2016-2017 funds for the \$5,000 deductible option, which brings the total of the policy to \$273,669.53, **Action:** Approve, **Moved by:** Commissioner McGuffey, **Seconded by:** Chairman McBride, **Vote:** Motion carried by unanimous vote, **(Summary:** Yes=2)

15. **DISCUSSION/POSSIBLE ACTION:** Work card appeal for John Warner.

Joel Baldwin, Security Director of the Mustang Ranch, on behalf of Donnie Gilman, presented this item. This is a consideration of a work card appeal for John Warner. Mr. Warner's background was presented at a prior hearing during public comment.

Mr. Baldwin described the steps taken after denial of the work card by the Sheriff's Office. An explanation of the circumstances leading to the denial was given by the denied applicant, John Warner, followed by a heated discussion during which time Mr. Warner withdrew his request for reconsideration of the denial of the work card.

Chairman McBride stated the Commission heard all it needed to hear on this subject.

No action taken.

Chairman McBride called for recess at 11:05 AM

Meeting reconvened at 11:45 AM

**16. DISCUSSION ONLY (No Action):** Update from Community Chest, Inc.

Shaun Griffin, Community Chest Director, presented an update on the plans for phase 2 of the Community Center. Also present for the presentation, Darren Berger - principle of Berger, Hannifan Architects, and Cherie Nevin, Chairman of Community Chest board. Architectural plans are almost done and will be submitted to the engineers and then to permitting. This should be done by end of summer, early fall.

Mr. Berger gave a slide show presentation and review of the proposed plans including:

- A two-story addition housing a multi-purpose room and the library;
- A new health center, kitchen, with access to a grassy area outside;
- The multi-purpose room can be utilized for events;
- If funds allow, a day-care center.

Mr. Whitten: What is the timing for beginning construction? This would affect when the parking lot would be paved as some of the area will be taken out. Second, is it the intention to turn ownership of the building over to the County? If so, legal counsel needs to be contacted as there are some bid requirements that may or may not come into play. There also needs to be discussion about insurance coverage under the County's insurance.

Mr. Berger: The plans will be wrapped up by next month. Construction could start as early as mid-September.

Mr. Griffin: Thrilled the plans have reached this stage. Mr. Berger and his mentor, Art Hannifan began this long ago. This has been many years coming.

On May 24<sup>th</sup>, Mr. Griffin received a call from the Pennington Foundation awarding Community Chest a half million dollars to finish phase 2, conditional on raising bonds for \$120,000 - one third of which has already been raised with commitments for the balance. Mr. Griffin did not believe he would ever receive this phone call. The Pennington Foundation is the largest foundation in Nevada and can change lives regionally, State wide, and nationally.

Mr. Griffin said it is more than honor to say this is now going to happen, and would not have happened without the support of many who never doubted that it would happen. This facility will remain in this community in perpetuity. This news will be shared and celebrated at the 25<sup>th</sup> anniversary this Thursday. Thank you.

Chairman McBride: Shaun, you are the one who deserves the thank you for 20 years of heavy lifting - well done.

**No action taken.**

**17. DISCUSSION ONLY (No Action):** Val Label presenting an update on the Virginia Range (VR) Horses.

Valerie Label-Flatly representative from the Virginia Range Wildlife Protection Association, gave an update on wild horse issues:

- In March 2015, an unprecedented agreement was signed between the Nevada Department of Agriculture and Return to Freedom. So far the agreement has been working very well.
- The Virginia Range Wildlife Protection Association, along with other groups, are part of that agreement. This has given them the ability to help manage the wild horses.
- A main component of the agreement is a humane birth control program that manages the horses in hopes of keeping them on the range with numbers meeting the Department of Ag approval.
- Range condition and numbers are determined by the Department of Ag.
- The Department set a goal of 150 horses (mares) to be darted with a pregnancy vaccine.
- As of now, over 230 horses have been darted and over 1,000 have been documented.
- Nothing will be seen in Virginia City, or close to town, as these are not advisable places to dart.
- Door hangars regarding horses have been passed out to Virginia City and Gold Hill residents.
- Diversionary feeding is taking place to get horses out of neighborhoods and off the roads.
- Horses are getting in to neighborhoods because a lot of fencing is broken or non-existent.
- Public safety - working with transportation to put up signage.
- There has been a lot of emotional and financial support from Storey County.
- Waste Management in Lockwood has taken over some work that needed to be done at no cost to the Association.
- A reduction in the number of horses should be seen starting next year resulting in none of these horses being picked up - which is another situation.

Chairman McBride: Why do you feel there will be fewer horses next year? The horses live a long time and the range is already over capacity. 230 is a drop in the bucket - but it's a good start. What kind of diversionary water and feeding is there? There are large groups in town - how do we handle this situation?

Ms. Label-Flatley: The mares who were darted, and continue to receive boosters, will not be able to conceive. There are a lot of foals seen right now as the mares were already in foal when darted. This does not hurt the foal. The BLM's PZP program has been suspended in the Pine Mountain area due to legal reasons - not because of the PZP. This was an experimental program in that area. It is understood that once settled, the program will resume. There is no place to move horses out of this range. All other areas are full.

Ms. Label-Flatley continued with review of what happens when horses are picked up by the Department of Ag. All horse groups, rescue and sanctuary, are full. Relocation is not an option. The best option is to reduce the population. It will take time.

Diversionary feeding was started near Toll Road, also near Damonte Ranch, and Rhodes Road near 395.

There is no 100% solution – just one step at a time. Attempts have been made to get diversionary feeding started in Virginia City, and we are waiting on the Department of Ag to approve a place to do it. Part of the problem is the feeding and watering of horses in town which is illegal. Residents feel they are doing the right thing. It is against the horse's nature to be fed and it keeps them in town. When people are educated this will stop.

The problem with relocating bands – to the Industrial Center – is when one is relocated another band comes in.

Ms. Label-Flatley said the Association is trying. There are a lot of horses and more volunteers are needed.

Mr. Whitten: The County is on your side. You have brought in some potential solutions and it is appreciated. Can the County put pressure on the Department of Ag to get this (the diversionary feeding) done.

Ms. Label-Flatley: Yes. However, once this is done there needs to be volunteers to bring food and water to the sites. It is a commitment and the volunteers need to be on the same page regarding birth control and feeding.

Commissioner McGuffey: Ms. Label-Flatley and the Association have created a camaraderie with other horse groups teaming together to do the same work.

**18. DISCUSSION/POSSIBLE ACTION:** Approval of award for fuel and propane contract bids.

County Manager Pat Whitten said these bids are for three years with the understanding at the end of the three-year period, subject to satisfactory service, that the agreements can be renewed for a similar period. There is a lot of work in changing these companies.

The first is propane. There were two bidders:

Amerigas – Came in at 22 cents over rack for the County plus \$1 per tank rental, with a 10 cent per gallon hazmat fee. They were requested to give an employee rate which was 50 cents over rack. The resident rate was also 50 cents over.

Ferrellgas – Came in at 15 cents over rack for the County and 50 cents over rack for employees. Resident rate was higher at 65 cents. There are no tank rental or hazmat surcharges.

Second is regular and diesel gas. The bids were all over the board. Bids were requested to include average – rate over opus, a universal standard – and include federal taxes, but they did not.

Golden Gate Petroleum – The low bid for the River District fuel dumps, propane, and diesel at 8 cents a gallon spread.

Interstate Oil – 12 cents a gallon

Flyer – 30 cents a gallon

Carson Valley Oil – refused to bid the River District

Thomas Fuels, also known as Pilot – 10 cents a gallon

The recommendation is to split the contracts as in the past awarding to Golden Gate as the "hands down" winner. Virginia City and the Virginia City Highlands, keeping in mind that the bulk of the fleet is here and fuels here, Pilot bid 6 cents on Virginia City business and 10 cents on VC Highlands business. The only other competitive bid was Carson Valley Oil which was 8 cents and 10 cents. Pilot to be awarded the contract for Virginia City and the Highlands.

A key element regarding propane, Amerigas controls its prices.

Cherie Nevin, Community Outreach Director, explained this item is for permanent and temporary grant of easements to pass the environmental Six Mile Canyon Storm Drainage Improvement Project which will be funded through a FEMA pre-disaster mitigation grant. There are several parcels of land in Six Mile Canyon owned by private property owners. Both permanent and temporary grants of easement are required for this project. Once approved, these easements will be recorded and forwarded to FEMA for inclusion in the grant paperwork related to the environmental assessment for this project. Four property owners were contacted and all were very easy to work with.

Clerk/Treasurer Vanessa Stephens presented this item. This is a question that will appear on the November ballot for the State. The Commission is required to direct the Clerk to appoint committees to present arguments for and against this ballot question. NACO has done a lot of work on this issue which will enable the committees to use language provided - modify and make changes - and bring back to Commission for approval to put on the ballot.

Board of Storey County Commissioner, whichever comes first, in order to allow collective bargaining between the parties to continue beyond the current CBA period.

County Manager Pat Whitten presented this item on behalf of Austin Osborne. This extension will allow added time necessary for the County and the union to continue bargaining fiscal and non-fiscal matters of the existing CBA, which expires July 1, 2016. The parties are in full cooperation in the bargaining process and mutually agree to this extension. The extension expires by the August 16, 2016 regular Board meeting or when a tentative agreement is reached by the union and the Board, whichever comes first.

34. **DISCUSSION/POSSIBLE ACTION:** Special Use Permit 2016-008, by Kevin and Ambre Chevalier. The applicant requests a Special Use Permit to operate a business for classic automobile chassis, mechanical and body restoration in a CR Zone location at 790 South A Street, Virginia City, Nevada (APN: 001-041-12).

Planner Jason VanHavel presented this item:

- The property located at 790 south A Street is currently in a CR (Commercial/Residential) zone.
- The area is not subject to potential adverse impacts and applicant has assured that this “high-end” automobile restoration business will not cause adverse impacts.
- Potential impacts and mitigation of potential impacts are addressed in the staff report.
- No public comment has been received regarding this request.
- The Planning Commission has recommended approval with the comment that special attention be brought to the storage issue. Storage will be inside and enclosed - with the allowance that one extra vehicle can be stored outside.

Chair McBride commented he attended the Planning Commission hearing and there did not seem to be any concerns regarding this Special Use Permit.

Mr. VanHavel reviewed three potential motions for this item.

Chair McBride: If applicant is doing on-site painting, he would fall under guidelines of Nevada Environment Protection, correct?

Mr. VanHavel: Yes.

Public Comment:  
None

Mr. Van Havel read the findings of fact for approval:

- 5.1.1 The Special Use Permit complies with all federal , state, and county regulations.
- 5.1.2 The Special Use Permit will not impose substantial adverse impacts or safety hazards on the adjacent properties or the surrounding area;
- 5.1.3 The conditions of the Special Use Permit adequately address potential fire hazards and require compliance with the applicable fire codes, including fire protection ratings;
- 5.1.4 Use will not adversely affect the existing South Street, B or A Street, and if the use does impact the road, the applicant will maintain effected streets to conditions as of SUP approval;
- 5.1.5 Any paint and/or body work will be mitigated appropriately to maintain public health and safety.
- 5.1.6 The conditions under this The Special Use Permit do not conflict with the minimum requirements in SCC Chapter 17.12 General Provisions, Chapter 17.30 CR Commercial Residential Zone and Chapter 17.02.150 Special Use Permits, or any other federal, state, or county regulations, including building and fire codes.

**Motion:** In Accordance with the recommendation of the Planning Commission and staff, the Findings under section 5.1 of the Staff Report and other findings deemed appropriate by the Board of County Commissioners, and in compliance with the condition of approval of Section 6 of this report, I hereby recommend conditional approval of Special Use Permit #2016-008 for the operation of the automobile restoration business, including local body and paint work, located at 790 So. ## **RECESS TO CONVENE AS THE STOREY COUNTY LIQUOR BOARD**

**30. DISCUSSION/POSSIBLE ACTION:** Second reading of Ordinance no. 15-271 amending Storey County Code chapter 5.12 Sale of Alcoholic Beverages, and section 8.28.025 Alcoholic Beverages, to revise the procedure for issuing and revoking business and liquor licenses, and providing for other properly related matters.

Outside Counsel Robert Morris presented an update of work on improving Storey County Code chapters on business and liquor licenses. Mr. Morris stated there are still issues to be worked on so Mr. Morris will request the Board to continue this matter to a date certain. There are issues that can be discussed at this time.

Mr. Morris: NRS makes this a complicated matter. There is a special NRS section for liquor board ordinances. Mr. Morris' attempt to comply with NRS is to break into two separate ordinances - one dealing with liquor licenses to be approved by the liquor board. Establishing two separate ordinances should meet with the intent of the law. After discussion with the Clerk, it was decided the Ordinance number would be 15-71 L, signifying the liquor board ordinance as opposed to a regular ordinance.

Other issues are:

- Section 5.12.100 calls for a fee for an additional bar on the same premises. It is understood that this has been a County practice. It seems strange to charge an extra fee for having another bar on the same premises. The Board needs to look at this as the process could be streamlined by eliminating this extra fee. It would take away some revenue but there does not seem to many establishments that have the additional bar.
- This would not pertain to a service bar.

County Manager Whitten: It would be staff's recommendation to eliminate any additional fees for a second bar or a service bar within the same facility.

Mr. Morris:

- Another item, is the Certified Training Program. Counties over 100,000 are required to have these programs where people are trained in the sale of alcohol. In jurisdictions under 100,000, the Board can include such a program if it wants. It is not included at this time, however it can be included if the Board is interested.

Chairman McBride: Has the Sheriff's Office seen problems with people being over-served or with underage drinking?

Sheriff Antinoro: Mostly there has not been a problem. Training has been brought in on a few occasions and was well received. However, we may be doing a dis-service to businesses who have a lot of turnover in employees. The Sheriff does not think the training should be included.

Chairman McBride: Perhaps the Board should "stand pat", waiting to see what the Legislature does.

Mr. Whitten: Agrees - it is just added governance.

Mr. Morris: There are a couple of related items: one is a special event permit for alcoholic beverages which states the permit is good for a single event for five days. A previous question discussed, was whether someone could get a permit for more than one event during a given time period - instead of single permit for each event as it happened.

Mr. Whitten: Does not believe the existing applications for special events are labor intensive. The County and the tourism commission have an idea as to who will be serving during events.

Mr. Whitten suggested the practice continue.

Mr. Morris: The position would be to leave this as it is unless there is interest to change it.

Sheriff Antinoro: For tracking purposes it would be better to leave it as it is.

Chairman McBride: The County does want people who participate in special events to have a liquor license - not just having anyone set up shop.

Mr. Morris: There are two other issues outlined in a memorandum sent out by Mr. Whitten. Basically, the current ordinance requires certain financial standing before obtaining a liquor license. Does the County want to continue using financial standing as a qualification for a license? Good moral character has also been discussed - this is required in Clark County. A majority of jurisdictions do not have financial standing as a requirement for liquor license and some have a size limit on the business before requiring financial information. This is an idea for the Board to consider and if financial standing is considered - there may be certain limits as far as size, number of employees before requiring financial standing.

Mr. Whitten: Mr. Morris brought up "good moral character". The question is how is this defined? It could be through "credit worthiness" as shown in a credit report, criminal history, character references, background history, and other information that may come across. If the Board goes down this path, it definitely should be tiered based on some parameters such as Mr. Morris mentioned. It should not be based on revenues.

Sheriff Antinoro: Governance should not stand in the way. What constitutes "credit worthiness"? Financial standing should be taken out. It is agreed that organized crime should not get in - most of the establishments here are "mom and pop" operations. Large casinos will be monitored by the Gaming Board, the County does not need to "reinvent the wheel". There has not been a real strict standard for liquor licenses in years.

Mr. Whitten: With recent issues, the County has learned that these things need to be looked at and potentially restructured. Non over-governance is appreciated. But, for larger operations, this would be a one-time shot before giving the initial, one-time license. Credit standing is a pretty simple credit

report. Not requiring anything is not wise. Guidelines need to be set with results provided to the applicant. When making decisions, the Liquor Board needs to know who is being licensed.

Commissioner McGuffey: There are (currently) provisions for felons. Pending litigation could also be considered.

Mr. Whitten: The worry would be, "you're innocent until proven guilty".

Chairman McBride: Looking at a financial background, if a person has a continuing reputation of not paying bills this would show cause to consider the background.

Sheriff Antinoro: If this is what is being looked at, it needs to be defined better. There are people with licenses that occasionally have a hard time paying bills – this does not make them bad people.

Mr. Whitten: The rules are not being changed for anyone who is already here. Only looking at initial licensing. These are privileged licenses – not "run of the mill" business licenses. The County should know who is receiving liquor licenses to the greatest extent it can.

Chairman McBride: Reputation of the applicant plays into this. It (liquor license) IS a privileged license – just like gaming.

Mr. Whitten: Since these are privileged licenses, perhaps the County should go to current licensees (with financial issues) to show cause – maybe a new credit report. The Sheriff said "good people turn bad and marginal people turn great" as far as financial issues.

Another question where (Board) guidance is needed is who should do the processing? The Community Development, licensing division, processes between 2 and 500 licenses compared to every liquor license. The liquor licensing was given to the Sheriff's Office many years ago. Mr. Whitten is an advocate of going back to the "one stop shop" concept. Anything to do with credit worthiness and financial strength would go the Comptroller. Work is being done diligently with a State Repository as to how an agency, other than the Sheriff's Office, can access and use information in the State and Federal criminal databases. The mechanism is in place.

In addition, the four members of the Liquor Licensing Board can then look at a full package. The State is working with the County on disclaimers.

Commissioner McGuffey: Likes the idea of a "one stop shop". The (Community Development) Department is the mode to actually direct applicants on what's going to happen and where to go next. Whereas, the Sheriff's Department is not in that mode.

Mr. Whitten: This is right. Community Development has different packages with checklists to give to applicants. Mr. Whitten does not say that the Sheriff's Department cannot do this – and may be doing it – it just putting the processing in a department that does it all the time. The ordinance is being structured to be compliant with State law that there would be a licensing division within Community Development.

Mr. Morris: NRS does make the Sheriff the ex-officio licensing authority in the County, unless the County takes time to do an ordinance creating a licensing department.

As Mr. Whitten indicated, will liquor licenses still go to the Sheriff, or more appropriately in the licensing division.

Mr. Morris met with the State to see how it was possible for the "civilian" side of the County to use the CHRI for fingerprinting. There is a procedure set up that the County can have prospective applicants go to businesses that do "live scan" fingerprints. Specific language needs to be contained in the ordinance. There are certain requirements which can easily be met.

What does the Board think about creating this licensing division moving some of the Sheriff's duties as the ex-officio licensing department to the one that's being created? Is this an appropriate thing to do?

Chair McBride: Isn't it already created?

Mr. Whitten: In a functional way, but technically "no". Mr. Morris is doing a "multi-cleanup" and establishing a legal name for work group and what they're doing.

Mr. Morris: This is "cleanup" work and puts in language creating a licensing division, giving the authority and procedures to go forward.

Sheriff Antinoro: Regarding the process, with the Sheriff's Office it is much cleaner, straight up and down. As far as the criminal history information, the end result is still the same. There are not enough licensing issues to make a difference one way or the other. There seems to be many more moving parts, which becomes problematic for the building department in making the pieces come together. With the Sheriff's Department there is basically one person that says "x, y, z", a cleaner more efficient process. The end result will still be the same thing.

Mr. Whitten: There is a world of difference with "privileged" licenses. As far as criminal and background histories, the efficiency of the Sheriff's Department is not being questioned. In looking at complex and large businesses with some level of interest in their credit worthiness and financial standards, Mr. Whitten would question the credentials of someone working in the Sheriff's Department as opposed to the Comptroller. As far as the added steps, the applicant will probably never see anything. This is an item that the licensing division is used to all the time. Nothing is given to the Commission until all departments have signed off.

Mr. Morris: Wanted to make sure the Board understood this issue. Hopefully, this will be resolved one way or the other the next time this item comes back to the Board.

Mr. Whitten: All of you (the Board and Sheriff) should share thoughts with Mr. Whitten and Mr. Morris. From the customer's standpoint, they will know exactly what needs to be done - it is better for the applicant. The building department has all of the figures on business licenses but there is no tracking of the number of liquor licenses - overall with the efficiencies by volume, experience, and knowledge this is a good opportunity to do this.

Commissioner McGuffey: In looking for reasons to deny, in 5.12.055 – four items are listed. Maybe add alcohol abuse, DUI - which are public record - selling to minors, and things like that. Don't know if that should be a 5 year or life (denial).

Mr. Whitten: Great input. The Board needs to provide their thoughts.

Mr. Morris requested this matter be continued to a time when it can be brought back, not to a date specific.

**Motion:** Continue the Second reading of Liquor Board Ordinance no. 15-271 for 45 to 60 days,  
**Action:** Approve, **Moved by:** Commissioner McGuffey, **Seconded by:** Chairman McBride, **Vote:** Motion carried by unanimous vote, (**Summary:** Yes=2)

## ADJOURN TO RECONVENE AS THE STOREY COUNTY BOARD OF COMMISSIONERS

**31. DISCUSSION/POSSIBLE ACTION:** Second reading of Ordinance no. 15-271 amending Storey County Code section 3.60.050, chapter 5.04 Business Licenses, chapter 5.12 Sale of Alcoholic Beverages, and section 8.28.025 Alcoholic Beverages, to revise the procedure for issuing and revoking business and liquor licenses, and providing for other properly related matters.

Outside counsel Robert Morris recommends this item be continued after discussion of a few issues.

First, creation of the licensing division. This is cleanup in order to follow all requirements to create this division. Mr. Whitten provided a work flow chart outlining how this will work.

NRS allows the County, by ordinance, to use civil penalties instead of the misdemeanor currently used. Some jurisdictions have fines. Currently this is not in the ordinance. If the Board is interested, language will be drafted, otherwise it will stay the same.

Mr. Whitten: Sometimes the criminal path is needed, but often times not.

Mr. Morris: Currently the County cannot go criminal or civil. The Board would have to direct to have language for civil penalties and then it could go either way.

District Attorney Langer: Language for civil sanction should be added. The aspect of the criminal action does not mean someone is going to jail or having a criminal record, just that the person will go before a Judge, get a possible sentence suspended, while completing certain things that need to be done. Sometimes it's better to have different avenues to get to the result.

A lot of these ordinances are 10 to 15 years old and need to be updated. The process needs to be thoughtful with the intention of lasting another 10 to 15 years.

Mr. Whitten: This gives other options rather than just the criminal path.

Mr. Morris: The next subject changed, is 5.04.030, requiring a single hearing for business licenses. There is no legal requirement for two business license hearings. The Board does not need to see these items twice. The new ordinance will require a single hearing for approval.

Mr. Whitten: Hearings for business licenses will not be presented until everything is signed off. This will streamline the Board's time on these general licenses. The readings will no longer be on the Consent Agent.

Mr. Morris: The next item - increased fees. A resolution for fees has been discussed. Many counties have a yearly review of fees that are applied by resolution of the Board. This gives the ability to have a single document with all of the fees. The fees are being left in the ordinance and have included language saying if the Board decides to set the fees by resolution it can set up the resolution outside of the ordinance. If fees are changed on a regular basis, the ordinance would have to be changed each time. A resolution would be easier. At this time, the existing fees will be kept as they are. At the time the County decides to go ahead with a fee resolution for County-wide fees, this can be moved over.

Mr. Whitten: Would the Ordinance have to be re-opened to do this?

Mr. Morris: Yes.

Mr. Whitten: To be clear, we don't want to raise fees. However, you never know when we may want to raise the fees. Changing the Ordinance is time-consuming and expensive. Mr. Whitten advocates removing the fees now, go ahead and have a resolution that matches the existing fee schedule

Stacey Bucchianeri: When the fees were implemented, it was never thought there would be 500,000 square foot buildings.

Mr. Whitten: The fees would be taken out of the Ordinance, including square footage, and move into resolution - with no anticipated changes on the horizon.

Commisioner McGuffey: A neighbor wants to start a tattoo business - what category does this fall under?

Mr. Whitten: The County does not provide for this. Some jurisdictions have no concerns regarding tattoo parlors. The County previously approached Carson City Health to see about a memorandum of understanding so that Carson City Health could health inspect and the County could provide. This may require a re-opening of this Ordinance. Currently the County does not have a provision for (tattoo parlor) so it is not allowed.

If this is something suggested to be included, research can be started.

Chair McBride: Why was this not pushed forward a long time ago? It was because - do we want the main corridor of the business district in Virginia City to look like downtown Reno? Pawn shops, tattoo parlors, t-shirt shops? One fortune teller license has been issued here and it is a privileged licence.

Mr. Whitten: There are "work arounds". Mr. Gilman would be the best person to ask if tattoo parlors are wanted in TRI.

Mr. Morris: Can just report on the rest of the items in this Ordinance rather than ask questions in order to re-iterate why the Ordinance needs to be changed.

- There is a NRS requirement for industrial insurance for workers comp that is not in the County's Ordinance - it needs to be included.
- Another NRS requirement to add: If child support orders are not met, business license should be denied.

Review has been very complicated. For example, in section 5.04-Business Licenses, there is a section about liquor at special events. This will be removed and put into a separate section for special events. Other liquor ordinance items misplaced in business licenses have been moved to the appropriate sections.

Alternatives for liquor license qualifications can be brought in for the Board to review. This includes whether or not to require good moral character, financial standing, and suitability.

A work flow chart has been provided to the Board which presents a good idea of the proposals.

Mr. Whitten: A lot of the steps will not be there as they are not privileged. The new ordinance will clean up many issues. Mr. Morris is to be complimented. He learned of at least seven new ordinances when meeting with the Repository that are heavily relied on. This has been a very difficult project to take on.

Mr. Morris requested this item be continued.

**Motion:** Continue the Second reading of Ordinance no. 15-271 to the near future, 30 to 45 days,  
**Action:** Approve, **Moved by:** Commissioner McGuffey, **Seconded by:** Chairman McBride, **Vote:** Motion carried by unanimous vote, (**Summary:** Yes=2)

## COMMUNITY DEVELOPMENT AND PLANNING

**32. DISCUSSION/POSSIBLE ACTION:** Second reading of Ordinance No. 16-272, an ordinance extending interim development regulations affecting Title 16 and 17 of the Storey County Code by extending through August 31, 2016 Title 16A establishing minimum interim requirements for subdivision map approvals and Title 17A by limiting master plan amendments for approvals of planned unit developments during the master plan approval process, and providing for other properly related matters. The moratorium on subdivisions and planned unit developments will be in effect until the comprehensive update to the Storey County Master Plan is adopted, or August 31, 2016 whichever comes first.

Planner Jason VanHavel presented this item. Given the presentation by Mr. Osborne at the first reading and the update of the Master Plan given today, are there any questions.

Commissioner McGuffey: There are provisions regarding well-water usage or developer's concern about well-water.

Mr. VanHavel: To prove water rights before....

Mr. Whitten: Does not believe that is where this is going Commissioner McGuffey. This item is for the larger, planning and development subdivisions and is meant to avoid some challenges that are currently in the Highlands. This continues the approach under current advisory questions passed in 2009 with provisions asking that water be proved before beginning the process until the August date when it is hoped the Master Plan is complete. These items are strongly integrated in the Master Plan.

Mr. VanHavel: This extends the temporary moratorium until the new Master Plan is in place. The Master Plan is in the proof-reading phase right now. The current schedule for the Master Plan is: July 7<sup>th</sup> to be adopted by the Planning Commission, August 2<sup>nd</sup> for adoption by the County Commission, leaving the August 16<sup>th</sup> County Commission meeting if needed.

Public Comment:  
None.

**Motion:** In conformance with the applicable federal, state, and county regulations, and the recommendation for approval by staff, I recommend approval of Ordinance Number 16-272 creating interim development regulations, i.e., moratorium on subdivisions and planned unit developments, affecting Title 16 and 17 of the Storey County Code by creating Title 16A establishing minimum interim requirements for subdivision map approvals and Title 17A by limiting master plan amendments for approvals of planned unit developments during the master plan approval process, and providing for other properly related matters, **Action:** Approve, **Moved by:** Commissioner McGuffey, **Seconded by:** Chairman McBride, **Vote:** Motion carried by unanimous vote, **(Summary:** Yes=2)

**33. DISCUSSION/POSSIBLE ACTION:** Modify Development Agreement between Storey County and Tahoe-Reno Industrial Center, LLC (February 1, 2000) in order to approve the annexation of certain real property into the Tahoe-Reno Industrial Center, including a portion of Sections 34 and 35, T20N, R22E, M.D.M., Parcel 2016-W2 as shown in that certain Parcel Map for Western 102 Ranch, Inc. and Western 102 Ranch Limited Partnership, recorded on February 22, 2016, as File No. 123567 in the Official Records of Storey County, Nevada.

County Manager Whitten presented the background for the item. In and around Waltham Way, there are a number of parcels adjacent to TRI - but not in TRI. Mark Siegel, the principle developer of the Gateway Commerce Center - a property near the corner of Waltham Way and Electric Avenue - wishes to purchase additional parcels. Some of which are in TRI and others owned by Western 102 Ranch. In this case, there are two methodologies of valuation. TRI's property is worth more per square foot due to improvements that come with the property. The simplest solution is to get the property into TRI. The properties in this item are "small slivers" strategically important to the applicant's buildings. The annexation has been agreed to by all parties.

Mr. Whitten recommends approval.

Commissioner McGuffey: The only problem is that there was no document signed by Mark Siegel saying that Mr. Siegel wants this.

Mr. Whitten: The County does have his approval and it is known that Mr. Siegel wants it (the property) to all be in the park.

Chair McBride: Thinks Mr. Siegel does want it. Mr. Siegel was surprised to find out (the property) was not in TRI.

Commissioner McGuffey: There is nothing stating that owner of the property wants to do this.

Mr. Whitten: Mr. Siegel has told Mr. Osborne, Mr. Whitten, and Bob Sader that he wants it annexed in as it's the easiest of answers for Mr. Siegel. Mr. Siegel will have to start paying the annual assessments on those portions that have been outside of TRI boundaries.

The approval can be made on contingency that Mr. Siegel signs the documents.

Chair McBride: The subject property is not owned by TRI. The owner, Reno Britain One LP, has requested that TRI approve and consent to the annexation.

Mr. Whitten: What Mr. Siegel has done is appropriate - requesting TRI to annex the property in, so that it is all within the TRI boundaries. TRI has said okay and asked the County to extend the boundaries of their development agreement.

Chair McBride: Pretty sure Mark Siegel owns that property.

**Motion:** Based on the recommendation for approval by staff, I move to approve the modification to the Development Agreement between Storey County and Tahoe-Reno Industrial Center, LLC (February 1, 2000) in order to approve the annexation of real property into the the Tahoe-Reno Industrial Center, including a portion of Sections 34 and 35, T20N, R22E, M.D.M., Parcel 2016-W2, as shown in that certain Parcel Map for Western 102 Ranch, Inc. and Western 102 Ranch Limited Partnership, recorded on February 22, 2016, as File No. 123567, in the Official Records of Storey County, Nevada, pending a letter from Mark Siegel stating approval of this modification within 30 days, **Action:** Approve, **Moved by:** Commissioner McGuffey, **Seconded by:** Chairman McBride, **Vote:** Motion carried by unanimous vote, (**Summary:** Yes=2)

4. **Staff summary:** Exemption applications and renewals are typically due to our office on or before June 15<sup>th</sup> of each fiscal year, but circumstances beyond a taxpayer’s control may cause a delay and, as a result, an exemption not being applied to the tax bill. Memo to: Storey County Commissioners

Re: 003-543-18, Gilda June Fritschle

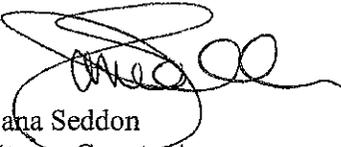

The above property owner has an existing Surviving Spouse Exemption to be applied to their property located at 218 Cercle de la Cerese, Rainbow Bend. Ms. Fritschle was not able to return her renewal form for this exemption before the close of the 2016/17 re-opened roll. Therefore, we were unable to apply the exemption prior to the printing of her tax bill.

The corrected **assessed** values should be:

|                              | <i>Current 2016/17</i> | <b>Corrected 2016/17</b> |
|------------------------------|------------------------|--------------------------|
| <b>Land Assessed</b>         | <i>5,250</i>           | <b>5,250</b>             |
| <b>Improvements Assessed</b> | <i>19,830</i>          | <b>19,830</b>            |
| <b>Personal Exemption</b>    |                        | <b>1,300</b>             |
| <b>Net Assessed Value</b>    | <i>25,080</i>          | <b>23,780</b>            |

Please approve this correction, and advise the Treasurer to make the changes and send a new tax bill or refund as necessary.

Thank You,

Memo to: Storey County Commissioners

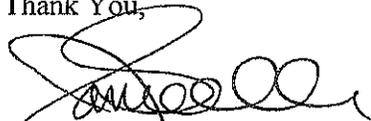

Re: 003-381-17, Charles G Mark

The above property owner has applied for a Veteran Exemption to be applied to their property located at 3600 Overland Road, Highland Ranches. Mr. Mark applied for this exemption in a timely manner, but he did not take ownership of his property until very shortly before the close of the 2016/17 re-opened roll. An error occurred, and his exemption did not transfer properly. Therefore, we were unable to apply the exemption prior to the printing of their tax bill. The new **assessed** value should be:

|                              | Current 2016/17 | Corrected 2016/17 |
|------------------------------|-----------------|-------------------|
| <b>Land Assessed</b>         | 13,831          | <b>13,831</b>     |
| <b>Improvements Assessed</b> | 91,491          | <b>91,491</b>     |
| <b>Personal Exemption</b>    |                 | <b>26,000</b>     |
| <b>Net Assessed Value</b>    | 105,322         | <b>79,322</b>     |

Please approve this correction, and advise the Treasurer to make the changes and send a new tax bill or refund as necessary.

Thank You,

Jana Seddon

Whole Community Preparedness is an important component to effective response in Storey County. Operational Communications is the number one goal of the Storey County Communications Center to ensure the capacity for timely communications in support of security, situational awareness, and operations by any and all means available, among and between affected communities in the impact area and all response forces.

The enhancement to our Computer Aided Dispatch System (CAD) with the ProQA Emergency Dispatch Software Program. The program helps call takers/dispatchers move smoothly through Case Entry and Key Questioning. ProQA is designed to assist call takers/dispatchers in quickly determining the appropriate Determinant Code for each case and can be programmed to clearly display the response configuration specifically assigned to that code by local agency authorities and individual centers. ProQA then guides call takers/dispatchers through providing all relevant Post-Dispatch Instructions (PDIs) and Pre-Arrival Instructions (PAIs), as well as case completion information.

ProQA gives you control over the critical information for each call. ProQA has been specifically designed to improve emergency call taking efficiency, thereby reducing liability risks and increasing responder safety.

AQUA quality assurance/quality improvement software automates the entire emergency dispatch case review process. It assists agencies in everything from data entry, to compliance scoring, to record keeping, to reporting, and more. With the power of AQUA, you can measure and document the quality of service that your calltakers/dispatchers are providing to callers while also evaluating your agency's level of compliance to International Academies of Emergency Dispatch (IAED) standards.

Certification training is available for communication center staff.

The all sub-grantees will follow the EHP requirements set forth by the Federal granting agency. The sub-grantee will not undertake any project having the potential to impact Environment and Historical Preservation (EHP) resources without the prior written approval of the Federal granting agency, including but not limited to ground disturbance, construction, modification of structures, and purchase and use of sonar equipment. Sub-grantees must comply with all conditions placed on the project as a result of the EHP review. Any change to the approved project scope of work will require a re-evaluation for compliance with these EHP requirements.

Any construction or renovation activities defined by the SAA's office that have been initiated without the necessary EHP review and approval will result in a non-compliance funding and will not be eligible for Federal funding.

Construction includes the following and requires EHP approval:

1. Training and Exercises

Dear Emergency Managers/Training Coordinators;

Requests for the use of Homeland Security Grant Program (HSGP) funding in support of training programs/and or individual requests must be coordinated and approved by:

- Your local jurisdiction
- Your county/local Emergency Manager or their designated Training Coordinator
- State Administrative Agency (SAA) Nevada Division of Emergency Management
- SAA Training Point of Contact (TPOC).

**The jurisdiction/ or individuals must obtain this approval prior to any commitment for any requested training utilizing Homeland Security funds. All requests must be directed through your local emergency manager.**

***REQUEST PROCESS/JURISDICTION OR AGENCY/INDIVIDUAL***

Step 1: Check to see if your program is already listed in one of the Approved Training Catalogs. If it is, the course is eligible for HSGP funding, but you still need to coordinate the training with the SAA and TPOC. Each training provider has their own process for scheduling training. Contact our office with the course number and title, and we will assist you with your request.

Step 2: If your requested training is NOT in any of the catalogs below, the next step is to ensure that the requested program meets the grant guidelines for training not provided by FEMA (DHS). The SAA and TPOC can assist with this determination, but the more information you provide, the better we can assist.

You will need to submit your request by completing the course request application submit the completed application via fax or email to the TPOC with the following information:

- Course title (and course number if applicable)
- Course description (attach flyer, website, etc)
- Mission area (common, prevent, protect, respond, recover)
- Level of training (awareness, performance, management)
- Training provider (contact information)
- Date of the course
- Anticipated number of attendees
- Associated disciplines of the attendees
- Anticipated costs
- Grant program/year/project

Step 3: The SAA and TPOC will review the course and determine if it is eligible and approved for use of HSGP funds.

Capitol Police • Criminal Justice Assistance • Division Of Emergency Management • Emergency Response Commission  
State Fire Marshal • Investigations Division • Highway Patrol Division • Office of Traffic Safety  
Parole and Probation • State Board of Parole Commissioners • Training Division

Step 4: If this is a request for a specialized course for an individual or group you must submit the application 60 days in advance to the designated county emergency manager or their appropriate point of contact. Please keep in mind that the approval must be in place prior to course attendance. Failure to meet this requirement could result in a denial of reimbursement for incurred expense. If the program you're requesting is deemed eligible and approved for expenses, jurisdictions/or individuals must report the following to the SAA or TPOC within 30 days after attending training:

- Original Approval from SAA/TPOC, which should include:
  - Course title
  - Course description
  - Mission area
  - Level of training
  - Training provider
  - Reimbursement request and associated invoices

Programs contained in the following catalogs have already been deemed "eligible training", but expenses to support these programs still need to be coordinated with the SAA and TPOC.

#### FEMA (DHS) Training and Exercise Catalog (TEI)

- TEI/TO
- Federal Catalog
- State Catalog

If the program you're requesting is NOT in any of these catalogs, it is considered **NON-FEMA Training**. Non-FEMA courses are those courses that are either State sponsored or Federal sponsored, coordinated and approved by the State Administrative Agency (SAA) or Training Point of Contact (TPOC), and fall within the FEMA mission scope to prepare State and local personnel to prevent, protect, respond to, and recover from acts of terrorism or catastrophic events. These training programs include, but are not limited to, Chemical, Biological, Radiological, Nuclear, and Explosive (CBRNE) terrorism, catastrophic events, cyber/agriculture/food security, and citizen preparedness

These courses are developed for and/or delivered by institutions and organizations funded directly by FEMA. The majority of these programs are offered at NO COST. This includes programs offered by the institutions below. All course requests must be coordinated with the STPOC for approval.

- The Center for Domestic Preparedness (CDP)
- The National Domestic Preparedness Consortium (NDPC)
- The Rural Domestic Preparedness Consortium (RDPC)
  - National Emergency Training Center
  - National Fire Academy
- Emergency Management Institute
- FEMA Training Partners funded through the Continuing and Demonstration Training grant programs

#### ***In order to use HSGP funds, Non-FEMA courses must:***

- Build additional capabilities that a) support a specific training need identified by the State, Territory, and Urban Area, and b) comply with the State or Urban Area Homeland Security Strategy
- Address specific tasks and/or competencies articulated in FEMA's Emergency Responder Guidelines and the Homeland Security Guidelines for Prevention and Deterrence
- Address specific capabilities and related tasks articulated in the Target Capabilities List
- Support the specific program training activities identified in the individual HSGP grant programs (SHSP, UASI, MMRS, CCP) for which the funding will be used
- Meet the standards with all applicable Federal, State, and local regulations, certifications, guidelines, and policies deemed appropriate for the type and level of training

## STATE OF NEVADA TRAINING PROGRAM

- A. With the implementation of EMAP accredited state training program, NDEM continues to maintain the highest standard of training for the citizens of Nevada.
- B. Nevada's Emergency Management Training Program has a formal, documented training program composed of training needs assessment, curriculum, course evaluations, and records of training.
- C. The training needs assessment is conducted annually and results are used to prepare the TEP for the following year.
- D. Nevada's Emergency Management Training Program provides emergency personnel with opportunities to attend specialized training conducted through the NDPC at Anniston Alabama, and New Mexico, SERTC in Colorado, Emergency Management Institute, CTOS, and position specific courses delivered. Nevada processed application for consortium attendance for Nevada students in excess of 300 first responders in calendar year 2014.
- E. Specialty courses delivered to the state of Nevada: TEEX Cyber Courses, Emergency Planning for Schools, COOP Planning, FEMA P-154, and ATC 20, Next Generation 911.
- F. The variety of courses delivered have also included Modular Emergency Response Radiological Transportation Training (MERRT), designed to meet the training needs of persons serving in fire service, law enforcement, emergency medical service, emergency management, public works, or on a hazardous materials team. And meets the requirements outlined in the Waste Isolation Pilot Plant (WIPP) Land Withdrawal Act. We have been able to train over 100 first responders in Nevada.
- G. Nevada has developed specialty courses to meet the needs of local responders. Technical Large Animal Rescue (TLAER), Nevada Land Search Management, and have been delivered to multiple sites and have built capabilities for local jurisdictions with the training in excess of 125 students.
- H. Training is regularly scheduled and conducted in conjunction with the overall goals and objectives of the training program. Training is based on the training needs assessment, internal and external requirements, and mandates (i.e. NIMS) and addresses deficiencies identified in the corrective action process. Students have received ICS 300, ICS 400, HSEEP and G-191 as a result of direct deliveries in Nevada exceeded 240 in calendar year 2014. These recent numbers have decreased in the last few years due to the saturation of training that has been on-going since 2005.
- I. Coordination of Federally sponsored courses include, IED Awareness, IED Search Procedures, Vehicle Born Improvised Explosive Device, (VBIED), BMAP, Surveillance Detection and Active Shooter. Some of these courses have a limit on the numbers of attendees allowed, and several were placed on a waiting list. These records indicate 208 students.
- J. Nevada maintains a list of qualified instructors for position specific trainers ICS instructors. We have at this time 93 instructors.
- K. In January of 2015, NDEM has aggressively engaged in our internal training program that provides the following to staff, Emergency Support Function Personnel: State Comprehensive Emergency Management Plan Training, (SCEMP) SEOC Overview, Standard Operating Procedures, (SOP), Incident Support Planning, (ISP) Resource Request (RRF). And will continue with the implementation of specific section training, and implementation of the use of task books program which will develop our SEOC operation and Coordination efforts.

We hold our annual Emergency Managers Workshop in the fall of each calendar year. NDEM hosts this workshop annually to enhance our relationships and coordinate with our partners in the emergency management arena. We invite our local & tribal jurisdictions to engage in discussions that will benefit our preparedness in the state of Nevada. Attendance averages between 60-100 presenters and participates.

## Reobligation Guidelines

### Purpose

The purpose of these guidelines is to ensure that the Nevada Commission on Homeland Security (NCHS), State Administrative Authority (SAA) and subgrantees of Homeland Security Grant Programs (HSGP) provide for the best utilization of grant resources when cost savings or cost shortfalls are realized during a grant performance period.

#### 1. Performance Period

Effective with the FFY10 HSGP grant cycle, the performance period for each subgrant will be 24 months to allow for adequate time to obligate HSGP funds as necessary. The SAA may modify performance periods based on the requirements of future grant guidance.

Extensions to the subgrant performance period will be approved by the SAA. The subgrantee must provide a written request for extension to the SAA at least one (1) month prior to the end of the subgrantee performance period. If the grant extension is denied, the grant funds will be deobligated.

#### 2. Project Change Requests

All Project Change Requests must be submitted to the SAA using the approved Project Change Request form. The completed Project Change Request forms must be submitted to the SAA at [dhsgrants@dps.state.nv.us](mailto:dhsgrants@dps.state.nv.us).

All Project Change Requests will be reviewed by the SAA to ensure that the change(s) requested is compliant with federal grant guidance. Once the SAA makes its determination that the Project Change Request complies with federal grant guidance, the request will be handled as follows:

##### A. Project Change Requests Approved by SAA:

- i. Any request for reobligation of funding within an existing approved budget that does not exceed \$100,000, may be approved by the SAA, if the Project Change Request is clearly within federal grant guidance.

##### B. Project Change Requests Approved by NCHS:

- i. Any request for reobligation of funds that exceeds \$100,000 will be reviewed by the NCHS. The NCHS will provide a recommendation to the Governor for

reobligation of funding and notify DEM of the recommendation.

- ii. Any request for the redirect of funds that is inconsistent with the approved Investment Justification or which is considered a change in scope will be submitted to the NCHS and/or Finance Committee for review. The NCHS and/or Finance Committee will provide a recommendation to the Governor for reobligation of funding and notify DEM of the recommendation.
- iii. Any deobligated funding that exceeds \$100,000 will be submitted to the NCHS for review. The NCHS will provide a recommendation to the Governor for reobligation of funding and notify DEM of the recommendation.

DEM, at their own discretion, may defer to the NCHS and/or the Finance Committee on any Project Change Request subject to DEM approval.

### 3. Request for Additional Grant Funding

A sub-grantee seeking additional funding (de-obligated funds) must submit the request to the SAA on the approved forms at [dhsgrants@dps.state.nv.us](mailto:dhsgrants@dps.state.nv.us).

A request for additional funding must include:

- A. A written justification explaining, at a minimum, the following:
  - i. Impact of non-completion the project in the originally approved budget;
  - ii. Explanation as to why the redirect of funds was not addressed in the original investment or another related investment, if applicable;
  - iii. Benefit to the state's overall capabilities by approving the requested redirect of funds;
  - iv. Anticipated timeline to complete proposed project, inclusive of milestones and anticipated deliverables; and
  - v. Impact of not approving the request to redirect of funds;
- B. A copy of the original budget; and
- C. A copy of a detailed line-item budget demonstrating the subgrantee's intended use of the funds if the redirect of funds is approved.

The SAA will review the request to ensure compliance with federal grant guidance. The SAA will forward a report of compliance to the NCHS.

#### 4. Restrictions

Reobligation of funds will not be approved by the SAA or the NCHS if the request includes, but is not limited to, any of the following restrictions:

1. Non-compliance with federal guidance;
2. Supplanting;
3. Misappropriation of funds;
4. Commingling of funds;
5. Denial by the Department of Homeland Security;
6. Inability for projects to be completed within the remaining performance period; or
7. Non-conformance with the goals and priorities of the NCHS.

#### 5. Time Sensitive

Federal law mandates that unspent federal funds be returned to the federal government at the end of the grant performance period. In the event that unspent funds exist and there is insufficient time in the grant performance period to reconvene the NCHS and Finance Committee, the SAA in its sole discretion, may reobligate grant funding within the scope of the approved Investment Justification.

In the event that the SAA reobligates time sensitive funding, the reobligation of funds will be placed as an informational item on the agenda of the next regularly scheduled meeting of the NCHS.

The Nevada Department of Public Safety, Division of Emergency Management (DEM) is committed to providing the Nevada emergency management community, emergency response professionals, volunteers, and the private sector with the means to produce quality exercises that improve the preparedness of the State of Nevada, its citizens and resources. This is accomplished through the use of a State-wide exercise program: the Nevada Exercise Program (NEP), which includes standardized policies, processes, products, and assistance in all aspects of exercises. The NEP is an all hazard, multi-discipline, multi-jurisdictional program that utilizes a building-block approach with exercises of increasing complexity and scope.

Exercises validate capabilities of individuals, teams, organizations and communities to prevent, protect, respond to, and recover from the effects of all emergency/disaster events. In order to successfully accomplish the validation of capabilities exercises need to have consistent processes for development, conduct, and evaluation. The Homeland Security Exercise and Evaluation Program (HSEEP) provides this consistency. All exercises conducted in Nevada, utilizing Federal grant funds, are required to adopt the principles and guidance provided in HSEEP.

Additionally, all exercises must be National Incident Management System (NIMS) compliant by meeting the following three criteria:

- Incorporate NIMS/ICS into training and exercises.
- Participate in an all-hazard exercise program based on NIMS that involves responders from multiple disciplines and multiple jurisdictions.
- Incorporate corrective actions into preparedness response plans and procedures.

#### **NEP COMPONENTS**

The NEP consists of seven components: 1) *Training and Exercise Plan Workshop*, 2) *Exercise Scheduling*, 3) *Standardized Process and Documents*, 4) *Reporting*, 5) *Corrective Action/Tracking*, 6) *Technical Assistance*, and 7) *Exercise Training Curriculum*. Each component is dependent on each other and ties in and supports the State of Nevada Strategic Plan, which in turn supports the National Strategy and Priorities.

**Training and Exercise Plan Workshop.** Each year the annual Training and Exercise Plan Workshop (T&EPW) will be conducted for all local jurisdictions, State and Federal agencies, and the private sector to identify training and exercise activities for the subsequent three years that support the State Strategy which in turn support the National Priorities. Prior to the T&EPW an Improvement Planning Conference is conducted to review the previous year's exercise and actual disaster events' After Action Report / Improvement Plan (AAR/IP) for areas that identify modifications to the State Strategy and any shifts in designated Target Capabilities.

Capitol Police • Criminal Justice Assistance • Division of Emergency Management • Emergency Response Commission  
State Fire Marshal • Investigations Division • Highway Patrol Division • Office of Traffic Safety  
Parole and Probation • Records & Technology Division • State Board of Parole Commissioners • Training Division

A T&EPW Read Ahead Package is sent to participating jurisdictions, agencies and private sector participants to ensure that participants are prepared to address required information regarding training and exercise activities, targeted dates, associated costs, and identified Target Capabilities. The resulting Multi-Year Training and Exercise Plan (MYTEP) is produced, distributed, and periodically updated as modifications require.

**Exercise Scheduling.** All exercises conducted in Nevada must be entered into a national database of exercises utilizing the National Exercise System (NEXS), an internet-based software program that captures basic statistical information. Each county-level jurisdiction will identify a NEXS point of contact who will serve as the Exercise Scheduler. The Scheduler has the ability to create new exercises as well as modify and delete any exercise they create in the database. They will also have "view-only" capability for any exercise within their Exercise Administrative Authority (EAA's) domain: in this case, the State of Nevada. Exercise Schedulers can register at the U.S. Department of Homeland Security, Federal Emergency Management Agency USDHS/FEMA HSEEP homepage at <https://hseep.dhs.gov/>.

Each state will also have a State Exercise Administrative Authority (EAA) who has access authority over all exercises, users, and Exercise Schedulers within their scheduling domain (State of Nevada). The EAA is the Domain's approving authority prior to an exercise appearing in the National Exercise Schedule Database. The EAA can create, modify and delete any exercise data on the National Exercise Schedule.

**Standardized Process and Documents.** All exercises conducted in Nevada must follow the standardized process and guidance of the HSEEP. HSEEP provides exercise documents/document formats and samples, planning conferences, and exercise concepts in all phases of an exercise (concept, design and development, conduct, evaluation, and follow-up corrective actions and tracking). The one single exercise document that must follow a prescribed format with a specified content and process is the AAR/IP.

Exercise guidance is provided in the form of HSEEP Manuals (HSEEP Volume I: Exercise Program Overview and Management; Volume II: Exercise Planning and Conduct; Volume III: Exercise Evaluation and Improvement Planning; and Volume IV: Templates and Samples) which can be accessed from the HSEEP homepage at <https://hseep.dhs.gov/>.

**Exercise Reporting.** All operations- and discussion-based exercises will result in an exercise After Action Report (AAR) within 60 days following the conduct of the exercise. The AAR will identify areas of success and areas requiring improvement describing the issue, analysis, any recommendations utilizing the Exercise Evaluation Guides (EEGs) of the 37 Target Capabilities List (TCL) as the basis for evaluation. The AAR format will follow guidance identified in HSEEP Manuals. The AAR will include an Improvement Plan (IP) as part of the AAR (see next section). One hard copy of the AAR/IP shall be submitted to the DEM Exercise Training Officer and one electronic copy of the AAR/IP shall be submitted via the Corrective Action Program System (CAPS) in the Nevada Folder with an email notifying the State of Nevada Exercise Training Officer of the submission. All AARs will be reviewed for HSEEP formatting compliance and forwarded to USDHS/FEMA as a condition for meeting minimum Federal grants and programs requirements.

**Corrective Action/Tracking.** As an annex to the exercise AAR, a process for identifying corrective actions and tracking them to completion will be utilized. This is the IP. The IP will identify the issue, recommended corrective action, assignments, and recommended completion date. The IP format will follow guidance identified in HSEEP Manuals. Use the web-based software program CAPS to electronically manage the identification and tracking of the IP portion of the AAR.

**Technical Assistance.** Technical assistance in any area of exercise design, conduct, and evaluation will be available from the State of Nevada Exercise Training Officer (NV ETO). The NV ETO will be available to answer questions regarding areas such as: HSEEP, NIMS exercise compliance, exercise documents, formats, suggestions, problems, NEXS and CAPS programs, best practices or training. On a limited basis the NV ETO can assist as a member of a local exercise planning teams during any phase of an exercise as well as offer exercise-specific training, workshops, and seminars.

Web-based exercise assistance, information, guidance, and a variety of toolkits are also available at the USDHS/FEMA HSEEP homepage (<https://hseep.dhs.gov/>) as well as the USDHS/FEMA NEXS and CAPS systems. The secure portal requires a request by email from the requestor prior to gaining access to it.

**Exercise Training Curriculum.** A variety of exercise training courses will be offered throughout Nevada on a limited basis as either resident courses or as jurisdictional-hosted courses. Samples of the Exercise Curriculum includes: HSEEP Mobile Course, Exercise Design and Development, Exercise Evaluation, Exercise Control/Simulation, and Exercise Program Manager. Several Workshops are available that address evaluator/controller training, exercise planning teams, and simulations/moulage. The Master Exercise Practitioner Program, a Federal Emergency Management Agency program offered by the Emergency Management Institute in Emmitsburg, Maryland and administered by the Nevada Exercise Training Officer, provides training and certification as a Master Exercise Practitioner (MEP).

Agenda Item No.

**Staff Summary:** Pursuant to Assembly Bill 191 enacted during the 78th (2015) Session of the Nevada Legislature, all counties except Washoe and Clark are required to place on the ballot at the 2016 General Election a question which asks the voters in the county whether to authorize the Board of County Commissioners to impose, for the period beginning on January 1, 2017 and ending on December 31, 2026 annual increases to taxes on certain motor vehicle fuels (e.g. gasoline and diesel). If voters approve the ballot question the Board of County Commissioners is required to impose an ordinance to index motor vehicle fuels based on street and highway construction inflation which cannot exceed 7.8% annually. However, the Board of County Commissioners would most likely establish a substantially lower rate of indexing in the ordinance. If approved, County staff anticipates requesting Board approval to maintain local gasoline fuel tax rates at or near the current level but utilize the ability to establish a local diesel fuel tax which currently does not exist. With the strong preponderance of diesel fuel sales originating in the Tahoe-Reno Industrial Center, the tax burden would be predominantly on non-County residents, particularly large trucks fueling there, while providing much needed revenue from indexed motor vehicle fuels which would be used on streets and highways in the county where the fuel was purchased.

A "YES" vote would permit Storey County to index the applicable rate of tax on motor vehicle fuels in Storey County beginning January 1, 2017 until December 31, 2026 to reflect inflation in the cost of construction. The proceeds of this fuel revenue indexing collected in Storey County may only be used for street and highway improvements, repairs and maintenance located in Storey County.

A "NO" vote would prevent Storey County from indexing the applicable rate of tax upon motor vehicle fuels and preclude the construction of the Storey County street and highway improvements, repairs and maintenance that would be financed through the indexing of the fuel revenue rate of tax

**Staff Recommended Language (adapted from NACO):**

**Storey County Ballot Question 16-001**

*Shall the Storey County Board of Commissioners enact an ordinance to impose, for the period beginning on January 1, 2017 and ending on December 31, 2026, annual increases in the taxes on certain motor vehicle fuels based on construction inflation not to exceed 7.8 percent annually for the purpose of funding repairs and maintenance of roads (and projects that will reduce traffic congestion and enhance public safety) in Storey County?*

**Explanation**

**NACO Recommended Language:**

**Storey County Ballot Question 16-001**

*Shall the Storey County Board of Commissioners enact an ordinance to impose, for the period beginning on January 1, 2017 and ending on December 31, 2026, annual increases in the taxes on certain motor vehicle fuels based on construction inflation not to exceed 7.8 percent for the purpose of funding repairs and maintenance of roads (and projects that will reduce traffic congestion and enhance public safety) in Nevada County?*

**Explanation**

*Pursuant to Assembly Bill 191 enacted during the 78th (2015) Session of the Nevada Legislature, all counties except Washoe and Clark are required to place on the ballot at the 2016 General Election a question which asks the voters in the county whether to authorize the Board of County Commissioners (Supervisors) to impose, for the period beginning on January 1, 2017 and ending on December 31, 2026 annual increases to taxes on certain motor vehicle fuels (e.g. gasoline and diesel). If voters approve the ballot question the Board of County Commissioners (Supervisors) is required to impose an ordinance to index motor vehicle fuels based on street and highway construction inflation which cannot exceed 7.8% annually. However, the Board of County Commissioners (Supervisors) could establish a lower rate of indexing in the ordinance. The revenue from indexed motor vehicle fuels will be used on streets and highways in the county where the fuel was purchased.*

*Clark County must have a ballot question if it wants to continue motor vehicle fuel indexing approved in 2013. Washoe County approved motor vehicle fuel indexing in 2009.*

*A "YES" vote would permit Storey County to index the applicable rate of tax on motor vehicle fuels in Storey County beginning January 1, 2017 until December 31, 2026 to reflect inflation in the cost of construction. The proceeds of this fuel revenue indexing collected in Storey County may only be used for street and highway improvements located in Storey County.*

*A "NO" vote would prevent Storey County from indexing the applicable rate of tax upon motor vehicle fuels and preclude the construction of the Storey County street and highway improvements that would be financed through the indexing of the fuel revenue rate of tax*
