Within the last 48 hours the major tech companies in TRI have rallied behind the opportunity zone. Surrounding counties are supportive as well. A strong push is being made will have a follow up at the next meeting. This is giving opportunity to sit back and look at this. There are some areas that were given opportunity zones where it is really not usable and who feel if Storey County could be an opportunity zone, it would benefit the entire region.

Language would say "all ordinances and resolutions must be approved as to form (addition). Agenda action report signed off on by the District Attorney's Office." Two versions are presented - one by staff and one by Mr. Gilman.

Commissioner Gilman stated the change does satisfy his concerns. He clarified that this will not be an up or down vote (by any of our legal counsel) as to whether it will be placed on the agenda or not, it will be reviewed as to form and placed on the agenda. This was confirmed correct. Mr. Morris explained the need for the format to be approved. He wants to ensure that all legal criteria and requirements are met with new ordinances and resolutions.

Commissioner Gilman suggested adding the phrase “and legality” after “approved as to form”. Mr. Morris agreed.
