Storey County

County Advisory Questions

November 4, 2008

1. *Shall Storey County require all future applicants for master plan amendment, zoning map amendment, planned unit development or other planning or zoning applications, which involve residential development to identify water sources and obtain permits for such water sources prior to any consideration of the application by the Storey County Planning Commission or Storey County Board of Commissioners?*

Votes: Yes 1,939 No 349

2. *Shall the Storey County Code be amended to reflect and require that approval of any planning and zoning applications for residential purposes be based on the sustainable water resources within the County unless there is a vote of approval by the Storey County Board of Commissioners approving the applicant's acquisition of water resources from outside the County, with all costs associated with such acquisition to be absorbed by the applicant?*

Votes: Yes 1,814 No 464
