- Advanced Medical Life Support (Qual: American Heart)
- Critical Care Paramedic (Qual: University of Maryland)
- Incident Safety Officer (Qual: NFA 1521.6)

*Required training includes all training requirements of lower positions as pre-requisites. Minimum qualifications are required at time of hire. Probationary requirements are required to be completed within 12 months of appointment. Recommended Career Development is those courses that SCFD recognizes and will fund. These should be completed within 3 – 5 years of appointment. Firefighter Paramedics may continue to pursue training at higher levels as long as all recommended career development trainings and qualifications have been completed prior to going on to the next level of training.*
